

EE Print Pack Industrial Net

SPEC SHEET

INDUSTRIAL

Heavy-gauge net for heavy loads and use away from the shelf.

Tougher, for bulk or stacked product: firewood, charcoal, industrial parts, transport protection. It takes a long trip and rough handling.

RUNS ON

Supplied on the roll to the dimensions listed, rather than as finished bags.

SPECIFICATIONS

Sod net	Brown plastic mesh · code RE4038-011
Anti-bird net	Black plastic mesh, 5.18 m × 1,524 m roll · code R01678-055
Fence net	78.74" × 6,000" (3,048 m ²) · code R02650-033

Construction support net Clear plastic mesh, 42.12" × 47.99" roll

WORKS GREAT FOR

Firewood and charcoal

Bulk product that has to dry rather than sweat in the pack, carried by distributors and collection yards. Ventilation is what stops the load going mouldy in storage.

Sod and turf

Brown plastic mesh, code RE4038-011, for rolled sod.

Crop protection

Anti-bird net in black plastic mesh, supplied as a 5.18 m × 1,524 m roll, code R01678-055.

Fencing and construction

Fence net at 78.74" × 6,000" (3,048 m²), code R02650-033, and clear plastic construction support net in a 42.12" × 47.99" roll.
